

Diocese of Nashville, TN

First deception of the diocese 13 former priests???

Taken from the first paragraph of the press release 11/02/2018 by the diocese...
"..publishing the names of the 13 former priests who served in the diocese..."

Former because these priests are dead?

When victims began asking for the list of accused priests only 4 were dead.

After 16 years of waiting, 9 are now dead. Cover-up by the church allows them to plead "most are now dead." Hypocrisy!

SNAP of Tennessee began asking for release of names of all accused priests across Tennessee in all three dioceses in **2002**. We have continued to ask in the media, at press conferences, in meetings, on the website. See what the deliberate delay by the Church has caused.

These priests died in good standing with retirement benefits, salaries, lodging, 3 meals a day and no blight on their reputations. They were not "former" priests. Deception on the part of the diocese.

Former because these priests were released from the priesthood (Laicized)?

NEVER removed from the priesthood

Dismissed from duty and laicized (removed from the priesthood.)

HAAS: Was Haas removed by Nashville after his 10 years (1967 to 1977) in Owensboro, Kentucky, teaching at Owensboro Catholic High School? The diocese failed to mention about his high school teaching for these 10 years. Why? Did he molest in Kentucky?

REILLY: Why did the diocese of Nashville not mention the "on duty outside the diocese" in Joseph Reilly's record? He was removed from the priesthood the next year. Did he molest in Georgia?
